IS IT A FIDDLE OR VIOLIN?

By: Ethan Seago

Last Wednesday, the 5th and 6th grade students visited the Country Music Hall of Fame and the Schermerhorn Symphony Center to learn the difference between the violin and the fiddle. They were able to listen to two musicians, Zach, who is a recording artist for various musicians, and David, who performs for an Irish pub in Nashville. The students said they were very impressed by the musicians. Zach and David explained the difference between the violin and fiddle. The instrument itself is the same, but the style in which they are played is very different. The 5th and 6th grade students said that it was easier to dance to the fiddle and that the violin sounded beautiful. When asked if they preferred violin or fiddle, the students were split almost evenly between the two. Overall, they said the experience was very enjoyable, and they would definitely visit the Country Music Hall of Fame again.
